

LEGAL TOGETHER

EARTHQUAKE NEPAL

The recent earthquake has hit Nepal in its heart. An overview of the impact and long term effects is currently unknown. The Dutch Foundation Legal Together has supported local projects in Nepal since 2012. Legal Together currently foresees many requests by her cooperating partners for extra financial support of new reconstruction projects.

Foundation Legal Together is a Dutch foundation which generates funds by use of its (professional) network. The foundation's objects are to promote educational provisions in developing areas such as Nepal. Resulting from extensive local experience, specifically in Sankhu founder Bart Tabingh Suermondt has close relations in Nepal, which benefits to direct and transparent communication in the supported projects.

Stichting Legal Together's cooperating partners for the Nepali projects are:

Shree Bagyodaya Higher Secondary School (Sankhu): Legal Together grants a number of scholarships to students of this local higher secondary school. Previously parties cooperated successfully resulting in new schoolbenches for the school (left photo). Unfortunately Sankhu has been severely damaged by the earthquake; we do not have any detailed information of the current situation (right picture).

Foundation Care For All : a Dutch foundation in the field of local educational projects in Nepal such as construction of schools, granting scholarships and the development of teaching programs such as the Woman Literacy Project. This coming period FCFA will focus on reconstruction and (re)installment of the educational system. More information can be found at www.fcfa.nl .

L E G A L T O G E T H E R

Stichting Maya: a Dutch foundation aiming on improvement of education and medical facilities in remote areas. At this moment Maya is distributing tents and first aid medicines in the remote inaccessible areas which are severely hit. More information can be found at www.mayafoundation.com .

Empowerment Generation: an American foundation promoting the distribution of LED Solar lamps by a woman entrepreneurship network. As power mainly has been cut off, Empowerment Generation is currently distributing donated solar LED lamps in the affected areas. More information can be found at www.empowergeneration.org

Samaanta Foundation: a Nepali foundation based in Kathmandu promoting higher education for high potential Nepali students originated from rural areas. Samaanta has an extended and strong network in Nepal. For this moment Samaanta coordinates first-aid programs in remote areas. More information can be found at www.samaanta.org.

How to help us? We are happy with every donation we receive. We'll give our all to further distribute the received funds in the most direct and transparent way.

If you would like to help us by a donation, you can transfer an amount to:
